Group Lessons are charged per term. In the past, we have tracked cancelled sessions due to rain and credited them on future invoices. With over a decade of data, we have found that approx. 15% of planned sessions are cancelled through the year - mostly in the Winter of course.

Since the Summer term 2019, we have not been crediting invoices for cancelled sessions, but simply deducting 15% from your invoice in advance.

In the Spring and Summer terms, it is likely these sessions won't be cancelled, and you will receive more tennis than you pay for. In the Winter, it is likely to balance out.

**Please inform us before the term ends, if you do not intend to continue in the program the following term - otherwise we will assume you will.**
